Kindergarten Camp

August 15-17 2017

Save your box tops for Education over the summer. Please turn these in at the front office.

**From the principal...**

**Each year is different in terms of students and staff, but I would like to say that this year has been one of the best! We appreciate all the hard work from our students, the great instruction provided by our teachers, and the support provided from our parents. The Ellenboro community is a great community. The school works hard every day and appreciates all our community has done for us.**

**Our fifth grade students have been excellent leaders this year and I know that they will be successful as they move on to the middle school. We are very proud of our fifth grade students. I hope that all students and their families have a fantastic summer!**

**-Bill Bass**

It has been a wonderful year for 5th Grade students at Ellenboro Elementary! We are very excited to have Mrs. Davis with us this year. She has been a wonderful addition to the 5th Grade team. Mr. Hopper taught the students about everything from early civilizations to weather in his Social Studies and Science classes. Mrs. Butler and Mrs. Davis taught the students how to become active readers through nonfiction and fiction texts. Mrs. Hamrick and Mrs. Davis covered materials from the Eureka Math program to teach the Common Core Standards. Students also participated in the GREAT (Gang Resistance Education and Training) program. Officer Martin did a wonderful job teaching students how to make wise choices throughout their lives. Our most exciting adventure was our Spring Excursion to Charleston, South Carolina. Students were able to board the USS Yorktown and take a pontoon boat ride to Caper's Island to learn about the barrier islands and the ecosystems that surround the area. We have made 5th Grade an awesome experience for these students. We wish them all the best at the middle school and hope to hear many great things from them in the future!
